HANDLING SUGGESTIONS

Keep refrigerated at or below 40 degrees F. Store in original packaging until ready to use. For best quality, use within stated shelf life or freeze promptly. If frozen, thaw under refrigeration and cook within an appropriate time after thawing. Do not refreeze product once thawed if previously frozen.-----

PREPARATION & COOKING SUGGESTIONS

Remove from refrigeration prior to cooking as appropriate for back-of-house tempering procedures. Season to desired specification. Cook on a preheated grill, flat top, broiler, or cast-iron surface to target doneness. For best results, use a meat thermometer and allow product to rest before slicing or plating. Suggested finish is medium-rare to medium to highlight marbling, texture, and flavor.

SERVING SUGGESTIONS

Designed for chef-driven menus and premium steak programs. Ideal for grilling, pan-searing, broiling, or slicing for composed entrees and steak-forward applications. Pairs well with classic steakhouse sides, seasonal vegetables, compound butters, and refined sauces. Suitable for fine dining, upscale casual, catering, and hospitality operations.
