PREPARATION & COOKING SUGGESTIONS

In large stock pot, bring 2-3 gallons water to a boil. Leave enough room for the bag so water does not spill over when placed in pot. Place frozen bag in water and boil for about 35-50 minutes until thoroughly hot throughout. Remove bag from pot using protective tongs or gloves. Bag will be extremely hot. Product may also be thawed under refrigeration (<40F) up to 48 hours. After thawing, empty contents into large pot and heat over medium-low heat until simmering. Simmer for 10 minutes, stirring regularly. Internal temperature of product must reach 165F.
