## PREPARATION & COOKING SUGGESTIONS

Patties are best prepared seared on a flat-top griddle or in a saute pan, but can also be cooked on a grill, turbochef, convection oven, deep fryer, or microwave. Add oil to prevent patties from sticking to cooking surfaces. Cook at 350 degrees (medium heat) for approx. 60 seconds per side or until heated through and desired sear is reached.

## SERVING SUGGESTIONS

Impossible Sausage Made From Plants is perfectly pre-seasoned for use in a breakfast sausage sandwich and other breakfast menu items. Serve while hot and fresh for best results.
