HANDLING SUGGESTIONS

To ensure your nuts stay fresh as long as possible, please store them in your refrigerator as you are using or eating them. Hazelnuts do not like heat or humidity and both can be controlled for by refrigerating your hazelnuts as well as keeping them sealed tight in the zip-top bags they came in! Also, our hazelnuts freeze beautifully and will stay fresh for over a year in the freezer as long as they are double-bagged and tightly sealed.-----
