### PREPARATION & COOKING SUGGESTIONS

To optimize cheese quality, keep cheese cold (32°-40°F) and wrapped in wax paper. Re-wrapping soft-ripened cheese in wax or parchment paper will allow the cheese to breathe as it continues to ripen. Remove your cheese from the refrigerator at least one hour before serving.

### SERVING SUGGESTIONS

Serve for a cheese course, cheese board, dessert, appetizer, or hors d'oeuvre. Drizzle with honey and serve with prosciutto, tart apple, and Marcona almonds. Crumble atop mixed baby greens with a vinaigrette and roasted beets. Create Humboldt Fog Brûlée by sprinkling turbinado sugar on the face of a wedge and heating with culinary torch to create a sweet and crispy, flan-like crust.
