PREPARATION & COOKING SUGGESTIONS

To optimize cheese quality, keep cheese cold (32°-40°F). To open our fresh disk, locate the easy-open corner and peel back until the two pieces are separated. If you have a bit left, wrap tightly in plastic wrap and place in the coldest part of your refrigerator. Remove your cheese from the refrigerator at least one hour before serving.

SERVING SUGGESTIONS

Spice up a classic hot dog with crumbled Sgt. Pepper and fresh tomatoes. Add a dollop to spice up your burger. Add leaf lettuce and sliced tomatoes. Toss a disk with angel hair pasta, a few splashes of pasta water, sautéed shrimp, and bell peppers.
