SERVING SUGGESTIONS

One of the commonly known uses for bases is for creating great soups, but they can be used in many other applications and the limit is really your imagination. Any recipe calling for salt may be replaced with a base. This allows the overall salt content of the dish to be lowered while adding more flavor. Some typical uses are soups, sous vides, gravies, sauces, casseroles, sautes, vegetables, marinades, rubs, risottos, slow cooking, savory pies, rice dishes and stuffings.

INGREDIENTS

Salt, Sugar, Monosodium Glutamate, Corn Starch, Dextrose, Rendered Chicken Fat, Onion Powder, Hydrolyzed Soy Protein, Tumeric, Natural Flavoring, Disodium Inosinate & Disodium Guanylate.
