HANDLING SUGGESTIONS

Refrigerate after opening. To preserve freshness and taste wrap remaining cheese in cheese paper, or parchment paper. This will allow cheese to breathe in packaging. The best place to store your wrapped cheese is in a crisper in the refrigerator, which has the most consistent temperature and humidity---UNIT UPC: 860006119119---

PREPARATION & COOKING SUGGESTIONS

Remove cheese from cold storage and bring to room temperature at least 30 minutes before consuming. Cold storage hinders natural flavors and fragrances of the cheese.
