

103901 - Winter White Honey

A very special honey harvested before the snow starts to fall in the mountains of Montana and whipped before the curtain goes up on the years first Nutcracker performance. This exquisite honey's texture is that of a powder day at Big Sky and its creamy flavor is better than any frosting found in a Zermatt Village Bakery.

MARKETING

Premium wildflower honey is whipped to give this raw honey a creamy, spreadable texture. Think cinnamon bun frosting! Spread on toast or biscuits, mix with cream cheese for a quick, natural frosting or dip, and stir into warm drinks, such as coffee and tea.
