

MARKETING

NEW from World Centric. This collection of molded fiber products use bio-based, 100% compostable barriers as alternatives to PFAS. Made from unbleached plant fiber, these products are safe for direct food contact, microwave friendly, and offer moisture resistance for a variety of hot and cold foods. Note: These items, with no added PFAS, provide moisture and grease resistance but are not grease proof and may not work with very oily and greasy foods.
