PREPARATION & COOKING SUGGESTIONS

For a one-step application, moisten food in water and tumble in breader. For a thicker coating, dip food first into prepared Pre-Dip batter G7001 made according to package directions. Tumble food in breader, then fry until golden.

SERVING SUGGESTIONS

Fully seasoned, so you don't need to add anything for great results! Breaded foods can be held under refrigeration for up to 12 hours without becoming soggy for high volume operations.
